

Report on the ASPRA Jumble Trail for committee meeting on 2 February 2016

ASPRA Jumble Trail 24 April 2016

It is hoped that the majority of residents within the ASPRA area have received a leaflet about the ASPRA Jumble Trail by the end of January: many thanks to Jenny Crook for organising the production of the flyer and all the road reps who have made the deliveries.

The event has been set up online <http://www.jumbletrail.com/event/ASPRA> and stalls can now be booked. It was not possible to set the boundaries to the exact ASPRA area but as the event is not being publicised outside, it is unlikely anyone would book a stall online from further afield. However, if they do it will mean some extra income to ASPRA; they would be included on the website and on a downloadable map.

In order to create a vibrant event in the area, we would be very grateful if committee members and road reps could actively encourage those within their area to go online and book stalls.

Information about the concept of Jumble Trail, plus the ASPRA event are available on www.jumbletrail.com and local support and advice can be sought via email aspra.jumbletrail@gmail.com or by calling 020 8656 3666 or 07925 140679.

The Jumble Champions, Lyn, Anne and Jenny, will be focusing on promoting the event to potential stallholders and visitors in the coming months.
