

Membership Secretary / Postmaster's Report

ASPRA has currently 1880 households within it's area, an increase primarily a reflection of conversions of family houses into flats.

268 previous members currently renewed, and 23 new members so far. Membership renewals are in progress, interestingly (or not) we are now getting more members happy to provide email addresses.

We have 569 from last year who are expected to renew once the magazine and subs delivery / collection process is completed.

We remain confident that, given the increasing 'publicity' e.g. Jumbletrail, Festive Lighting, Addiscombe Recreation Grounds gardening group, Addiscombe Village NoticeBoard and general raised awareness of ASPRA around the area 'we' will also gain more new members.

Postmaster

With, currently, in excess of 600 email addresses, messages continue to be sent in batches to keep under the daily limit, but no real issues to report. Some email suppliers appear to be tougher on 'spam' than others, I continue to try and understand these 'rules' to avoid getting messages rejected. You may wish to add contact@theaspra.org.uk to your address book(s) to help reduce this problem.

Happy to circulate across ASPRA or to specific roads or groups of roads relevant emails where appropriate.
